

**Crystal Pool and Fitness Centre
Red Cross Swim Lesson Program
Parent Information Form**

Dear Parents,

In the last 10 years in Canada, 60% of 5-14 year olds that died due to drowning were weak or non swimmers, less than 1% were strong swimmers. Your family is very fortunate to have a school that recognizes the need for Swim and Water Safety Lessons for your child's class. He/She will be participating in our Red Cross Swim Program, the same program we offer in after school hours. In order to help your child get as much out of the program as possible please complete the lower portion of this form as accurately as possible and return it to their teacher on or before the date specified. We input the information at the beginning of the program and record your child's level in our data base at the end of the program in order to make registration easier for your future swim lessons at Crystal Pool. All information is kept confidential. Thank-You for taking the time to complete this form and for your roll in helping keep kids safe in and around the water.

Sincerely,
Sarah Madelung
Aquatic Coordinator, Crystal Pool

PLEASE RETURN FORM TO YOUR
SCHOOL BY:

First and Last name of child: _____

D.O.B: ____/____/____ (dd/mm/yy)

Last Swim Level **Completed**: _____
(or enter none and swimming ability)

Allergies or Health Concerns: _____

First and Last name of parent/caregiver: _____
