## **Blanket Certificate of Parental Authority for Classroom Walking Field Trip**

The classroom curriculum is significantly enriched and expanded when students visit and observe for themselves certain aspects of community life and the natural environment. School field trips provide these valuable educational experiences and are planned as an enriched part of the total school program.

Regulations are in place governing the number of supervisors who will accompany students on each school field trip including walking field trips. Every reasonable precaution will be taken to ensure the safety of students.

Walking field trips enable students to visit various neighbourhood attractions and community resources such as Summit and Topaz Parks.

Parents will be notified by your child's classroom teacher of the date, location and duration of any walking field trips.
