## **Student Placement Process**

At the end of the school year, we begin the process of building classes for the new year in September. This process continues into September as students move in and out of our catchment area. The school team considers many factors to place each child in a learning environment that best supports their academic, social emotional and physical development. Our goal is to create balanced and inclusive classrooms.

Due to the complexity of this process, ***we respectfully ask that families do not make class placement requests*** except in extraordinary situations. In such cases, please schedule a phone call or in person meeting before June 15, 2026 to speak with Mme Madeleine, our Vice Principal ([mchallies@sd61.bc.ca](mailto:mchallies@sd61.bc.ca)), or me ([boconnor@sd61.b.ca](mailto:boconnor@sd61.b.ca)). ***We ask that you do not send your requests through your child's teacher.***

Class placement decisions are made with great care and take into account your child's learning needs, staffing allocations, and contractual requirements. Our team of educators works very hard to make thoughtful placement decisions.

While friendships are important, we also know that they are just one part of a successful classroom experience. Learning to work with a variety of peers is an important life skill, and we support students as they develop this ability. We understand that the beginning of the school year can be an adjustment and most students settle into their new classrooms within the first few weeks.

We appreciate your continued support as we work together to provide your child with the best possible start to the school year ahead.

Brenna O'Connor

Principal
